Equivalences Among Relational Expressions with the **Union** and **Difference** Operators
Y Sagiv, M Yannakakis - Journal of the ACM (JACM), 1980 - portal.acm.org
... In this paper we consider the operators select, project, join, **union**, and **difference**.
Let r be a relation defined on a **set** of attributes X, A an attribute in X ...

A linear-time algorithm for a special case of disjoint **set** union
HN Gabow, RE Tarjan - Proceedings of the fifteenth annual ACM symposium on Theory ..., 1983 - portal.acm.org
... In Section 3 we sketch an extension of the algorithm to the case in which the **union**
tree can grow by single-node additions (incremental tree **set union**). ...
